

### 1. Home Screen

When the player first starts the app they are presented with the Home Screen. Here the player can login, view their Puffles, and start playing the game.

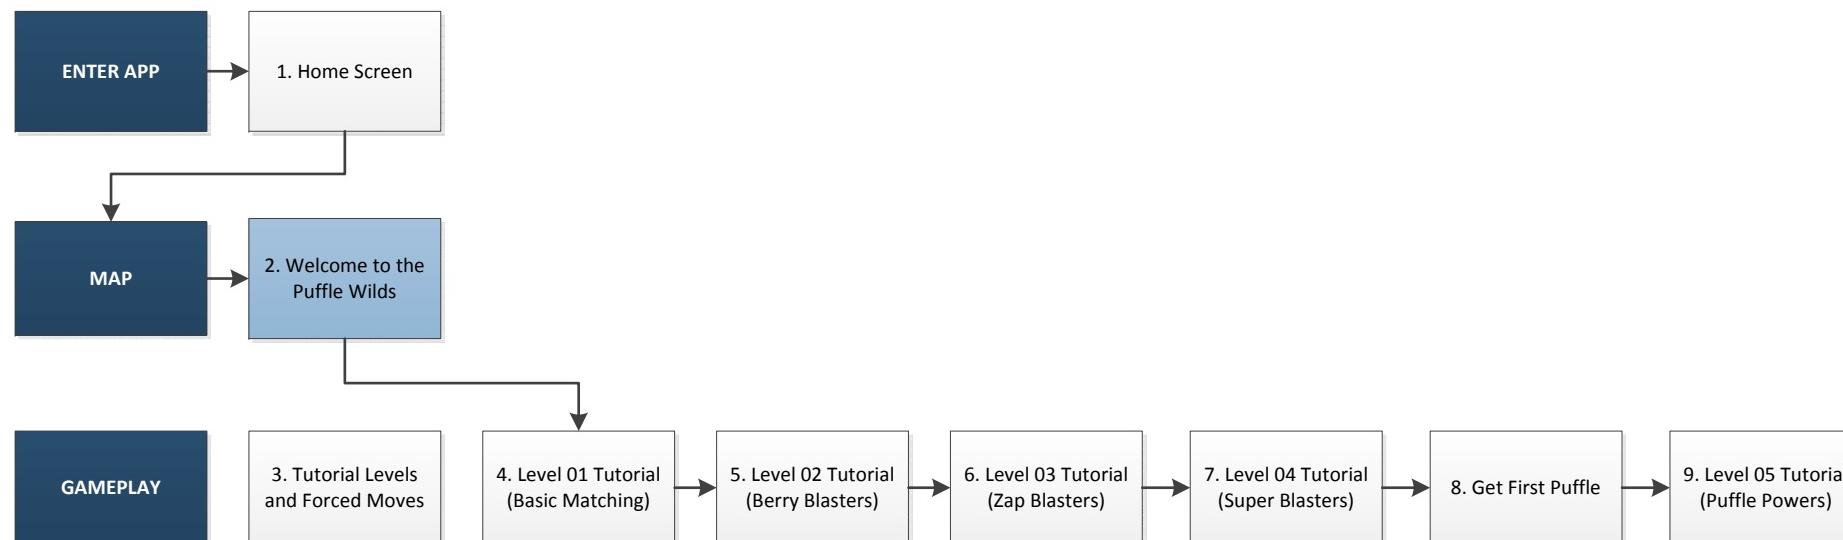

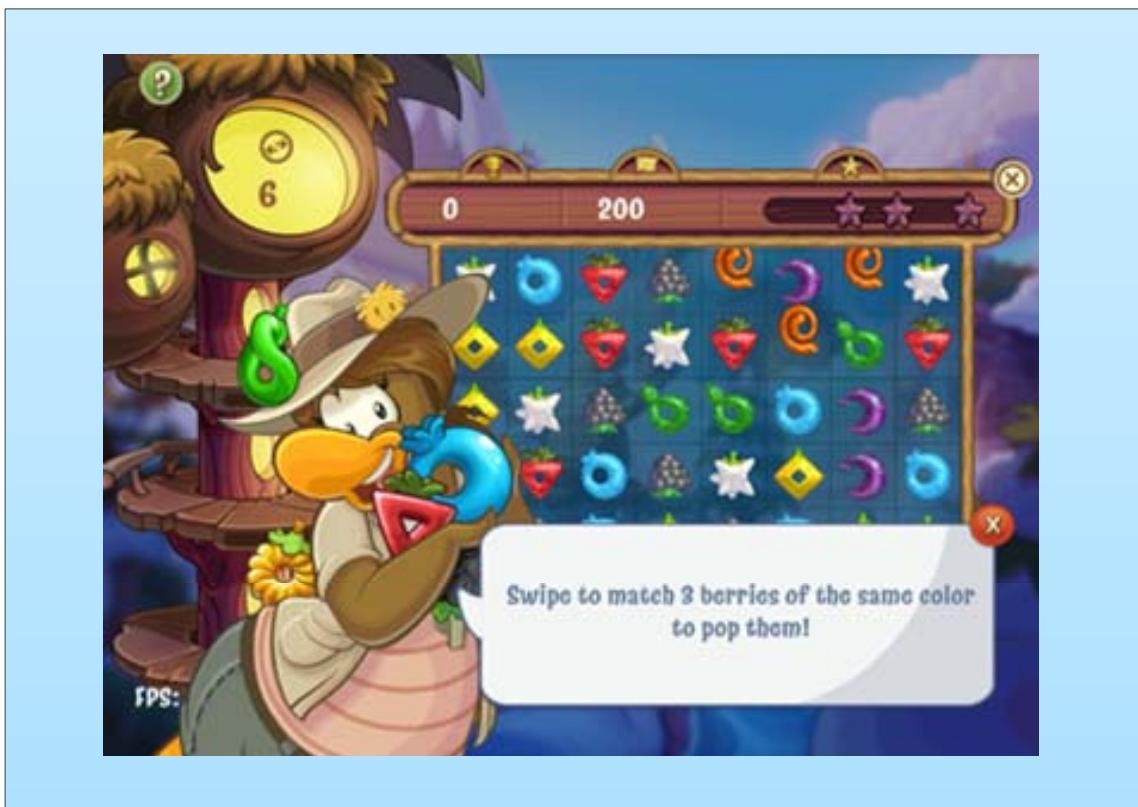

## 2. Welcome to the Puffle Wilds

When first entering the map, PH appears to give a very brief explanation of the Puffle Wilds and Puffles.

From this point, the player can press on Level 01.

For Levels 01 – 04, the Select Puffles section of the Level Info Panel will be grayed out and not-selectable.

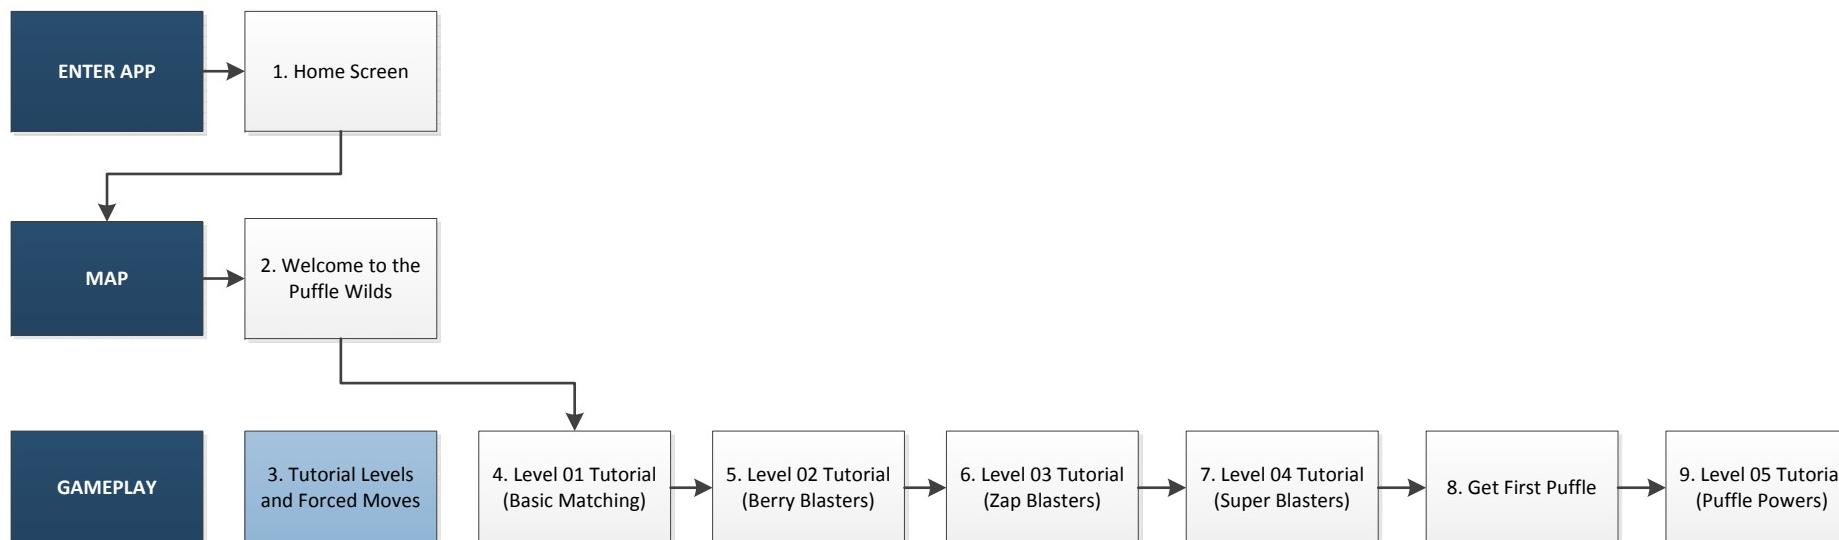

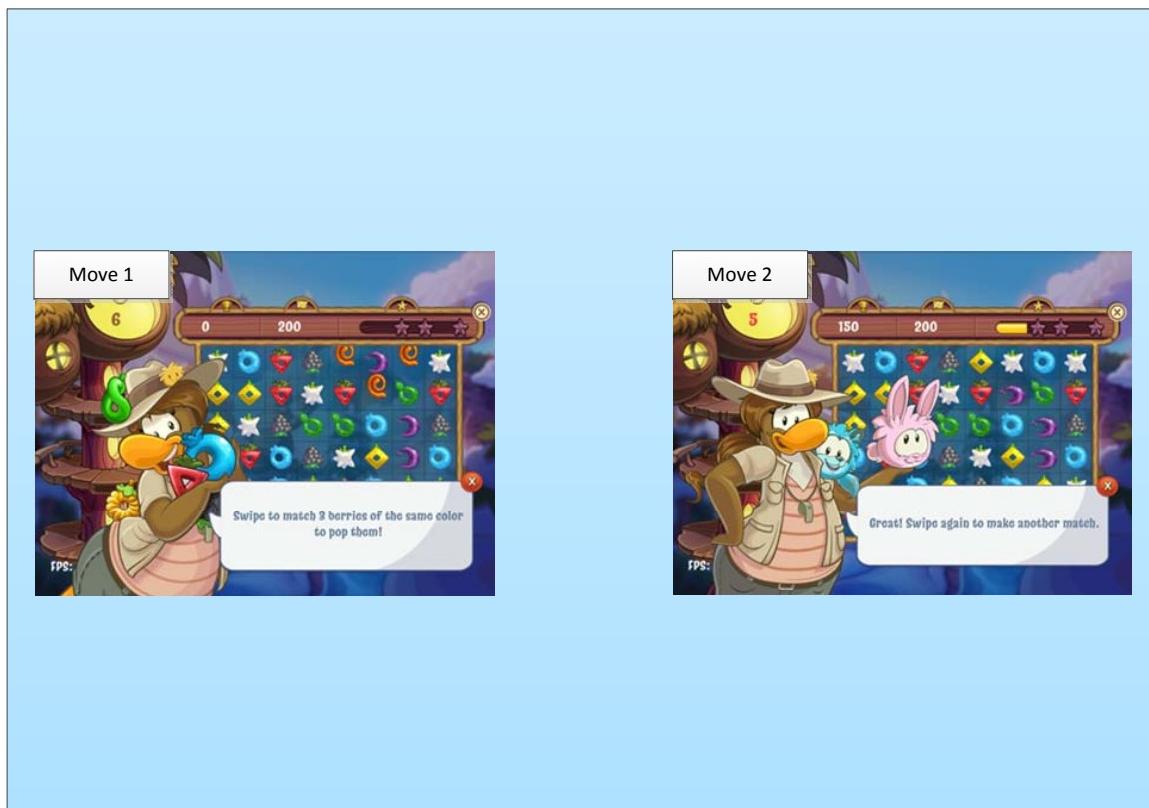

### 3. Tutorial Levels and Forced Moves

Forced tutorial moves are dictated by PH.

The player will only be able to make the forced move.

After the forced moves are made, the player is free to make any match they wish until the Moves Counter reaches 0.
